Dr. Robert F. Gertenbach, President
Council for Tobacco Research--USA
900 Third Ave.
New York, NY 10022

Dear Dr. Gertenbach:

Two months have passed since I wrote requesting information on the Council's views on smoking and health and a list of any publications that document your views. I write again to repeat the request. I hope to hear from you soon, lest I am forced to draw my own conclusions about your views of this subject.

Thank you for your attention to this query.

Sincerely,

Michael J. Shott
Asst. Professor
